SUMMARY

Hello there! I'm a dedicated and passionate Fullstack Developer with years of hands-on experience in the exciting world of web application development. My tech toolkit includes Tailwind CSS, JavaScript, TypeScript, React, Redux Toolkit, Next.js, Threejs, Python, Django, and SQL.

Driven by a mission to make a real impact, I'm all about crafting innovative solutions using the latest technologies. I love staying ahead of the curve and tackling challenges head-on. My commitment to continuous learning ensures that I bring fresh and effective perspectives to every project.

As a focused and efficient learner, I pride myself on practical expertise in web application development. I'm eager to continue contributing my skills and passion to meaningful projects and continue my growth in this ever-evolving field.

TECHNICAL SKILLS

- Experience with various frameworks and technologies like JavaScript, TypeScript, React, ReduxToolkit, Django, and SQL.
- Experience in databases like MySQL and PostgreSQL.
- Strong development skills including building APIs that are RESTful.
- Experience in using Git for version control.
- Experience building applications with Progressive Web App support.
- Experience in operating system environments including LINUX and Windows.
- Knowledge of Continuous Integration/Continuous Deployment.
- Experience working with Serverless technologies like AWS
- Working with ECMA Script 6 (ES6) features for build of JSX and ECMA Script 5 (ES2015).
- Experience using styling technologies like Sass CSS, Material UI, TailwindCSS, Styled components.

EDUCATION

University of Uyo • B.Sc. in Estate Management

2013 – 2018, Nigeria

KEY SKILLS

Tech

Frontend Development, Backend Development,

Soft Skills

Focused, Ambitious, Communicative, Artsy, Conscientious, Self-starter

Programming Languages

JavaScript, TypeScript, Python

Frontend Technologies

React, Typescript, RTK, HTML5, CSS3/SCSS, Bootstrap, Tailwind CSS, Material UI

Backend Technologies

Python, Django, PostgreSQL, MySQL

Devops

Git, Heroku, AWS, Unit Testing, Integration Testing, Continuous Integration/Continuous Deployment

Operating Systems

LINUX, Windows, Mac OS

CERTIFICATIONS

- NYSC Discharge Certificate 2022
- Introduction to Computer Science – Havard CS50x
- Web Programming with Python and Javascript – Havard CS50Web
- Introduction to progamming with Python – Havard CS50P
- Introduction to Artificial Intelligence with Python – Havard CS50AI
- Backend (Python) – I4GXZuri Scholarship

PROFESSIONAL WORK EXPERIENCE

IT Manager | Mozfin Microfinance Bank [March 2023 till date]

- ❖ I built the company's website http://mozfin.com/
